

PRO UPPER BODY SERIES

PRO1 ADJUSTABLE UPPER BODY

SCIFIT's PRO1 is designed to provide the ultimate in upper body exercise, offering both cardio and strength. It is ideal for strengthening arms and shoulders while recruiting the core stabilizing muscles.

- Fully adjustable head (35"-61" range) and monitor accommodates users of all heights and allows them to exercise while seated or standing, providing more exercise options and versatility.
- Adjustable and reversible arm cranks allow for greater range of movement and exercise variety.
- The handles are scientifically designed to be 19 degrees from the vertical plane, for the most biomechanically correct and comfortable hand position.
- The seat is removable for standing exercise, or for use with a wheelchair, balance ball, or stabilizing disc.
- The standard platform provides a sturdy foundation for wheelchair use and for standing exercise.

Easily adjusts up and down.

Standing platform doubles as wheelchair platform
